

Product/Process Change Notification 2020-09-30

Dear Customer,

At Navitas, as we continuously improve our products, we will communicate changes to our customers per JESD-46 Solid State Device Change Notification Standard.

Navitas is moving to 13" reels with 5000 unit capacity as the standard for all production shipments. To date, production shipments have all been using 7" tape and reel with 1000 unit capacity. This PCN is for notification only.

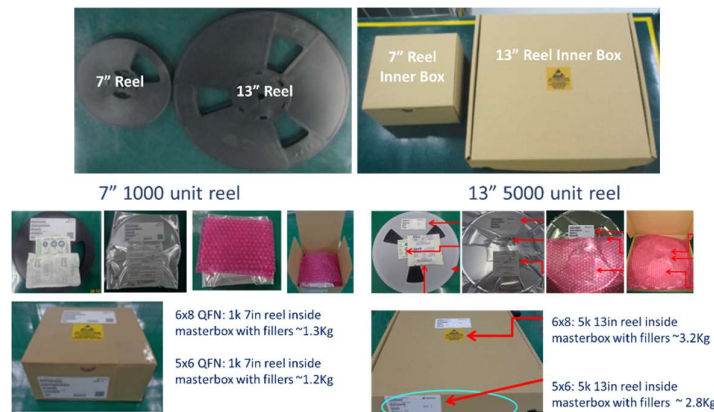

Products Affected:

NV6113, NV6115, NV6117 5x6 QFN

NV6123, NV6125, NV6127 6x8 QFN

Details of the Change:

- Orders for standard part numbers (NV61xx) will ship with 13" 5000 units rels
- All labels remain the same
- Detailed information about the differences in Tape and Reel size:

Benefits of the Change:

- Improved logistics as production volumes increase

Timing of the Change:

- All new orders starting 10/15/2020 will follow requirements for 13" reels.
- Note: 7" reels are available, but must be ordered under "NV61xx RA" Orderable Part Number
- Existing orders may be shipped as 7" or 13" reels until 12/31/2020 – please contact your sales contact to confirm requirements
