1. Purpose

C&K components, as design and manufacturing company for micro-miniature tact switches, is constantly looking to improve the manufacturing means and processes in order to continue serving its customers with the highest performance level

As part of this continuous improvement policy, we are presently changing the packaging of all our KSC V2 (see list in chapter 4), increasing the number of parts per reel.

2. Overview

Current:

Reels of 330 mm diameter (13') with 500 parts per reel

New:

Reels of 380 mm diameter (15') with 800 parts per reel

3. Impact of Change and Qualification

3.1 Impact of Change

There is no impact on the product itself. Only quantities per reel are increasing, allowing less change over time on the assembly lines

3.2 Qualification

N/A
